Press release

KWC GASTRO E – Always a class ahead

The new KWC GASTRO E is the premium stainless steel solution for the catering trade.

True professional kitchens dazzle with fittings from the KWC GASTRO E line made of pure V4A stainless steel. This means a longer service life thanks to the acid and chloride resistance, higher hygiene standards, greater safety and sustainability – also thanks to the extremely robust material. The KWC GASTRO E range is extensive. The variants can be combined and expanded with extension elements for any application. Another highlight is the robust dish spray with swivelling faceplate for maximum ease of use.

Unbeatable advantages

Cleaning is easy and hygiene is excellent because stainless steel does not provide a breeding ground for bacteria. Stainless steel is durable, robust, leaches out virtually no heavy metals and can be fully recycled – ex works sustainability included.

Individual optimisation

Two different base lengths allow the tap height to be adjusted. The flexible connection hoses simplify and speed up installation. The 360° swivel range rounds off the ease of use perfectly.

Rewarding care

The dish spray can be shut off for cleaning. It features delayed closing for pressure shock damping, and a valve maintenance unit. This ensures that the tap can be reliably maintained, which in turn helps increase its service life.

True top performance

The KWC high-performance cartridge impresses with an exceptionally high flow rate – premium in everyday life, quality for decades, made by KWC.

KWC

Easy cleaning

The dish spray can be dismantled to clean or replace the valve and spray individually.

Dual-jet all-rounder

The water-saving dish spray offers two jet types. The conical cleaning jet is ideal for gentle washing, the high-performance jet for heavy soiling. The faceplate is adjustable, which makes work easier and protects the spray hose.

KWC Group Ltd
